Evaluated Competencies

#1 Professionalism

Educational Objectives: Student will demonstrate professional behavior in interactions with patients; families; and health care staff.

Method of Evaluation: Preceptor observation

#2 Patient Care

Educational Objectives: Student will demonstrate ability to obtain and integrate appropriate information regarding critically ill children.

Method of Evaluation: Preceptor observation and review of notes written on patients.

#3 Medical Knowledge

Educational Objectives: 1. Expose the student to the principles of pediatric critical care. 2. Learn to assess cardiopulmonary instability. 3. Exposure to cardiopulmonary and/or fluid resuscitation. 4. Correlate pathophysiology to clinical situations. 5. Exposure to invasive monitoring and controlled rapid sequence intubation. 6. Understanding of the psychosocial effects of critical illness.

Method of Evaluation: Competency will be evaluated by preceptor observation. A written test will be performed at the end of the rotation.

#5 Interpersonal and Communication Skills

Educational Objectives: Effectively communicate medical information to patients and their families; ancillary medical staff; and fellow physicians

Method of Evaluation: Competency will be evaluated by preceptor observation.
